Press Release Chennai Feb 2nd 2012. (Vaso-Meditech Pvt Ltd exclusive distributor and clinical support for EECP in India)

We Vaso-Meditech Pvt Ltd is happy to announce that Health Cafe, the first magazine in India dedicated solely to health issues ran its cover story on EECP[®] therapy as “EECP[®] Huge Hope for Heart Patients”. The article touches on the many areas of cardiovascular disease including discussions on risk factors and the evolution of the disease and its possible treatments.

This article highlights the increase acceptance of EECP[®] therapy in India with more than 95 centres across India including leading corporate Hospitals. EECP therapy is clinically proven to be safe and effective by naturally improving your cardiac and vascular health.

The article also reviews the recent addition of EECP[®] in Art of Living International Center in Bangalore. A quote of His Holiness Sri Sri Ravi Shankar, “EECP[®] the first allopathic treatment that gives improvement to cardiac patients in a natural way” appears on the cover of the magazine under His Holiness’ picture.

Vaso-Meditech has successfully marketed EECP[®] therapy, creating the establishment of EECP[®] therapy centres at numerous hospitals and clinics throughout India. Vaso-Meditech has sponsored symposia and research on the effects of EECP[®] therapy in angina and heart failure patients, which have been presented at major international meetings and published in peer reviewed medical journals.

Dr.S.Ramasamy CEO & Medical director of Vaso-Meditech comments on EECP for Indian cardiac patients has been quoted in the magazine

“EECP is very unique because its mode of action is on the smaller vessels in the heart, which are too small for bypass surgery or angioplasty. The treatment works in different area of the blood circulation where Bypass surgery and Angioplasty cannot access. This suits well for Indian patients who are diabetics with smaller vessel diameter diffusely diseased involving multiple vessels which are difficult to bypass or angioplasty.”

Dr.S.Ramasamy. (EECP Expert & Consultant)

Frontier Lifeline Hospital (Chennai)

International Medical Director

(International EECP Therapist Association) USA

We are looking forward for all your support to further expand EECP[®] in to **NON-INVASIVE CARDIOLOGY CLINICAL MARKET** EECP centres, Patients, Physicians who needs the copy of the magazine can e-mail or call our office. We have enclosed a complimentary magazine for your reference.
